

Continue Your Child's Milk After Age 5

Dear Parent or Guardian,

School Milk Services Ltd has proudly delivered fresh milk to schools across the Southwest since 2001. Every day, thousands of children enjoy a nutritious milk break at school – helping them stay energised, focused and ready to learn.

Why School Milk?

- ✓ supports strong bones and healthy growth with calcium and protein
- ✓ helps children stay focused and energised throughout the morning
- ✓ a refreshing drink during the school break
- ✓ delivered fresh, directly to your child's school

Free Milk for Children Under 5

Children under the age of 5 receive free milk through the Government-funded Nursery Milk Scheme. This means every child in early years education can enjoy a daily servicing of fresh milk.

Milk for Children Aged 5 and Over

Once children turn 5, government funding ends. However, you can easily continue the milk service, so your child does not miss out on their daily milk break.

The cost is less than £2.50 per week*, and payments can be made in one, two, or four instalments across the school year.

Register in 60 seconds: www.schoolmilkservices.co.uk

How to Register Your Child

Registering your child takes just a minute and ensures they continue receiving their daily milk at school.

3 Simple Steps

1. Visit: www.schoolmilkservices.co.uk
2. Click 'New Child Registrations' at the top of the page
3. Complete the quick online form

Scan with your phone camera to register in under 60 seconds

If you register before your child's 5th birthday, you may choose to pay immediately or wait for a reminder email one month before their birthday.

If you register after their 5th birthday, payment will be requested at the time of registration.

Start Next Week

Register by midnight on Tuesday for your child's milk to start the following Monday.
