Dear Parent/Carer,

It was pleasure to see so many of you at Parent's Evening this week and we look forward to welcoming everyone else next Monday. This is a great opportunity to see how children are settling in their new classes and how they are getting on both academically and socially. If you were not able to join us one either of the dates, please contact class teachers via the office to arrange an appointment.

This week the weather has been more variable. We go outside in most weather, as we know that this is good for our mental health, so it is essential that children have suitable footwear and named coats in school every day. We will always return a named item to the correct child but are often unable to help if a lost item is not named. Please name all jumpers, cardigans, coats and water bottles – this really helps us make sure everyone has the correct belongings.

We have noticed that some of packed lunches we are seeing in school contain nut products. This includes items such as Nutella and coated peanuts. We have several children in school with severe allergies, and we ask that no nuts or nut products are in children's lunchboxes.
The School Allergy Safety Bill, known as Benedict's Law, which aims to ensure that children with allergies can attend school safely, participate fully and receive a prompt, effective response in an emergency came into force in September 2026. Please support us in following these rules so that everyone can enjoy their lunch safely.

With the traffic changes due to the road system development, we are aware that there have been extra challenges for people driving to school. We appreciate that this can add to time pressures, particularly in the mornings, but ask that you continue to park on the road safely and respectfully for our neighbours. Please do not stop by the lane and drop off as this blocks the road in both directions for all users. We are grateful to everyone who walks, or parks a little further away and walks the final stretch, as this helps keep everyone safe. Thank you.

We are sad to tell you that next Thursday we will say goodbye to Mrs Yardley! She will be much missed but has decided that she wants to spend more time at home with her family, which we all understand. We are pleased to tell you that Mrs Riddell will be our full-time EYFS teacher from Term 2 onwards.

Thank you all for your support.

Translation of school information
Many people use Google Translate but there is also Linguee | Dictionary for German, French, Spanish, and more.
Please let us know if there are any other ones that we can share with parents so our communications can be accessed by all.

Worship
This term, our value is – Respect

We have been thinking about how we show respect for every member of our school through listening, responding and following school rules to keep everyone safe.

We want everyone to feel part of our community and know that they have a place here.

Spotlight on Safeguarding:

Screen time refers to the amount of time we spend on devices with screens, like phones, tablets or laptops. Sometimes, there can be concerns that young people are spending too long on their devices, and about the effect that screen time can have on health and wellbeing.

Managing screen time is very much in the news at the moment. The UK safer Internet Centre has a wealth of advice for families seeking to balance screen time with a healthy lifestyle.
